

Levellers – Dog train (1998)

Well this is murder
On the dog train
When all the brakes have failed
And I'm going down hill
And if you see me wave
I'm only saying bye bye
There's not a single tear
Here in my eyes
And if you've heard this before
I'm gonna say it again
Life was easier when
I didn't have a clue
Because this is murder
I'm getting dog tired
Let's make the world
Brand new
How about you
