

Robert Palmer – Dr. Zhivago's train (2003)

Hold on when the train is speeding through the midnight storm
And tell those boys back in town there will be a call
Hmmmmm train is comin'
Oooo hmmm train is comin'
Train is comin' your way
And it sound like it's nam'in (naming) the reasons
For forsak'in (foresaking) stations
That we passed in the dark
You'll hear your name being called when the whistle starts to blow hmmm
Just like that train in that film Dr. Zhivago
Hmmmmmm train is comin'
Oooohhh train is comin'
A train is comin' your way
Hear the track fade in
And awaken the sleepers
And breaking the promises that were made in the dark
You'll hear your name being called when the whistle starts to blow hmmm
Just like that train in that film Dr. Zhivago
Hmmmm train is comin'
Ooooohmmm train is comin'
Hmmmmm train is comin'
Oooooh train is comin'
