

Brother Ape – Railways (2005)

Railways

Cuts through the landscape
On a track that will take us on
So take place,my train

Railways

To transit the moment
Take a train on a rainy day
Get away,by train

Railways

On trough the dead of night
See the dawn become to day
Moon away,by train

Railways

The caravans movement
Take the chords to the last refrain
Roll on now,my train

Railways

Over the bridge by dawn
To the central of my mind
Train of thoughts,my train

Railways

And engines will take us on
To the chapter of the end
Fade away,my train
